

DESCRIPTION:

The Welcome Pad® derives from the "START MATT" medical device (designed by Inglesina in collaboration with the department of Neonatology of the Maggiore Hospital of Bologna) and was made in observance of the latest scientific well-being and safety guidelines. In combination with the mattress, on which it is laid, it creates a very important ergonomic support during the delicate phase of the first months of life of the child.

BENEFIT WELCOME PAD®:

- Promotes lying on the back and alignment of the spine.
- Gives the baby the surrounding and protection that they need, especially in the first 7-9 weeks of life.
- Helps keep the airways aligned.
- Mitigates the risk of plagiocephaly (flat head syndrome).
- It adapts to the growth of the baby, thanks to the adjustable wedge for supporting the legs.
- It allows the temperature and sweating of the baby to be controlled, thanks to its 3D mesh structure coupled with foam padding and bamboo fibre lining, which is highly breathable, hypo-allergenic and anti-bacterial.

MATTRESS BENEFITS:

- It is in medium density foam with 40 holes for ventilation.
- The part in contact with the baby is covered with bamboo fibre, which is highly breathable, hypo-allergenic and anti-bacterial.
- A 3D mesh is applied to the base to improve air circulation and prevent the build-up of humidity.

TECHNICAL INFORMATION:

Lining material:

bamboo fibre

Dimensions for Aptica:

35 x 79 x 4 cm (width x height x depth)

Codes: 2B70RK200 (Aptica, Aptica XT, Electa)
